## 2024 MAP Tennis UTR Tournament Slate

Starting in April we will host monthly tournaments, one for Boys and one for Girls, for 8 months. In December, we will host an invitational tournament that will be based on the top point winners/UTR from the previous 8 tournaments. Information and sign ups will be on MAP Tennis on the UTR website.

Format is "Fast 4" Regular scoring (7 pt. Set tie-break at 4-4) 10 pt tie break for the 3rd set.
The following point system that we will use during the slate of tournaments has nothing to do with the UTR but will make for a fun and competitive 9 months. Scores will be reported to UTR for each match played during the tournaments. The Point system will determine overall winners and invitations into the December Tournament. Points will be awarded per tournament and the types of draws that we will use will be based on the number of entries and the players UTR. Below is the criteria and draw system we will use to determine eligibility for the invitational Tournament. Players will receive their invitations for the December Tournament after the last regular Tournament in November.

We will do all that we can to make sure each draw is competitive. I know from experience that the players will get at least 1 match that is very competitive and 1 that will be challenging. We are looking forward to all of the players getting in some great matches and having a great time competing.
